## *Let Congress Listen to You not the Lobbyists*

Today, over 34,000 lobbyists and special interest groups in Washington, D.C. are spending billions of dollars to influence our elected officials.

Our Founding Fathers wanted the American people, the constituents, to guide our lawmakers, not the lobbyists.

That's why you, as NWYC members, are so important. As Abraham Lincoln stated in the Gettysburg Address, you are fighting to maintain "... a government of the people, by the people, and for the people so that it shall not perish from the earth."

*"Our Constitution professedly rests upon the good sense and attachment of the people. This basis, weak as it may appear, has not yet been found to fail.*

*Always vote for a principle, though you vote alone, and you may cherish the sweet reflection that your vote is never lost.*

*America, in the assembly of nations, has uniformly spoken among them the language of equal liberty, equal justice, and equal rights."*

*John Quincy Adams*

*"America is not a mere body of traders; it is a body of free men. Our greatness - built upon our freedom - is moral, not material. We have a great ardor for gain, but we have a deep passion for the rights of men."*

*Woodrow Wilson*

## *Take Action You Are Important to America*

Members who regularly look forward to completing their Constituent Opinion Ballots feel the pride of being responsible Americans.

When they receive letters in return from their elected officials, that pride increases and they realize: My voice is being heard. I am a vital, active part of the American political system.

As NATIONAL WRITE YOUR CONGRESSMAN members, you are upholding the spirit of this country. By contacting your legislative leaders, you are not only guiding our lawmakers, you are also showing your concern and compassion for the needs of your country.

Your online Congressional Guide reflects up-to-the-minute changes in the makeup of Congress. To view it, go to [www.nwyc.com](http://www.nwyc.com). (PDF)

## *Our Heritage*

Our Founding Fathers were in many ways ordinary men - farmers, merchants, businessmen - but their goals for the government of their new country would prove through history to be visionary.

Separation of power that the delegates built into the Constitution was purely an American invention. It was achieved symbolically in the document itself by describing each branch - the Legislative, the Executive and the Judicial - in a separate article.

It is important to remember that although power is balanced within the government, it does not originate there.

It is the people who give power to the government and limit what it can do. It is the people who elect officials to direct the government's activities, and the people who elect new officials to replace those whose policies have become unpopular.

## *NWYC History*

David Adamson began his career in 1937 by calling on businesses to enroll them in the U.S. Chamber of Commerce. In 1958, Mr. Adamson was on a business trip when he awoke with an idea that was simple yet powerful: He would dedicate the rest of his life to helping Americans hold their members of Congress accountable for their actions. He made NWYC a reality because, as he said, "There was a need for it."

From 1958 to 1995, when he passed away at the age of 82, David Adamson devoted himself to National Write Your Congressman's members, staff and representatives. He guided a family-run business that is now well into its third generation of leadership.

*NWYC is unbiased and non-partisan. It has no connection with any lobbying group or political party.* Because we choose to inform our members, rather than to influence their opinions, we have gained widespread respect in Washington, D. C. Members of Congress recognize our name and listen to our members.

## *National Write Your Congressman's Mission*

To encourage responsible Americans to use their influence in government to preserve the freedoms set forth by our Founding Fathers.
